(Columbus, Indiana) ) RM-11260

**NOTICE OF PROPOSED RULEMAKING****Adopted: July 27, 2005****Released: July 29, 2005****Comment Date: September 19, 2005****Reply Comment Date: October 4, 2005**

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a Petition for Rule Making filed by Columbus Community Radio Corporation ("Petitioner"), licensee of Station WHUM-LP, Channel 253L1, Columbus, Indiana, requesting allotment of Channel 228A at Columbus, Indiana, and its reservation for noncommercial educational ("NCE") use. Petitioner states that it will file an NCE application for Channel 228A at Columbus, if reserved for NCE use.

2. In support of the proposal, Petitioner advises that the proximity of Station WRTV-TV, Channel 6, Indianapolis, Indiana, precludes the availability of any noncommercial educational channels in the reserved band from which a full Class A channel could operate to serve Columbus. Petitioner asserts that the allotment and reservation of Channel 228A at Columbus could provide an NCE service to the community in full compliance with the technical requirements of the Commission's rules.

3. Commercial channels are generally not reserved for noncommercial use in allotment proceedings unless channels in the reserved portion of the FM band (Channels 201-220) are unavailable due to prohibited interference to TV Channel 6 or to foreign allotments.<sup>1</sup> Alternatively, a proponent can demonstrate that it is technically precluded from using a reserved channel by existing stations or previously filed applications and the proposed station would provide a first and/or second NCE radio service to at least 10 percent of the population within the 1 mV/m (60 dBu) contour of the proposed station, such population must exceed 2,000 persons.<sup>2</sup> An engineering staff analysis has confirmed that the location of the Channel 6 station precludes the use of a reserved band channel at the proposed allotment's reference coordinates. Therefore, the enumerated potential TV 6 interference from Station WRTV merits the proposed allotment and reservation of Channel 228A for NCE use at Columbus.

4. We find that the allotment of Channel 228A and its proposed NCE reservation could serve the public interest. A staff engineering review reveals that Channel 228A can be allotted and reserved for NCE use in compliance with the Commission's minimum distance separation requirements, with the imposition of a site restriction of 7.9 kilometers (4.9 miles) southeast at reference coordinates 39-

09-06 NL and 85-52-09 WL. We note that the proposed Channel 228A is short-spaced to the licensed site of Station WQKC-FM, Channel 229B, Seymour, Indiana. However, Station WQKC-FM's license was modified to specify operation on Channel 230A at Sellersburg, Indiana in MB Docket No. 03-98.<sup>3</sup> Moreover, the FM Table of Allotments was amended to reflect this change. Therefore, no protection is afforded to this license site. As such, we are sending a copy of this *Notice of Proposed Rule Making* to S.C.I. Broadcasting, Inc., licensee of Station WQKC-FM.

5. Accordingly, we seek comment on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Columbus, Indiana.

10. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.<sup>4</sup> This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding in particular docket unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.
